

Working method

ARTCEB provides private studios to the artists during their stay. We provide an environment adaptable to each individual's needs. After dinner, occasional presentations are a traditional, elective part of the stimulating and supportive environment. Readings, slide shows, open studios, and informal performances allow you to become acquainted with and inspired by one another's work. Friendships established among the artists often lead to collaborations and connections beyond ARTCEB.

By taxi you can travel up the rivers and visit other villages

Artist Residency Botopasi Suriname

Art Center Botopasi (ARTCEB)

platform for contemporary art

Botopasi airstrip

ARTCEB, a non-profit organisation working to widen artistic production possibilities outside the traditional institutional framework.

Boto=boat pasi=path

Our goal

Make people think about art and cultural developments by means of art.

We are

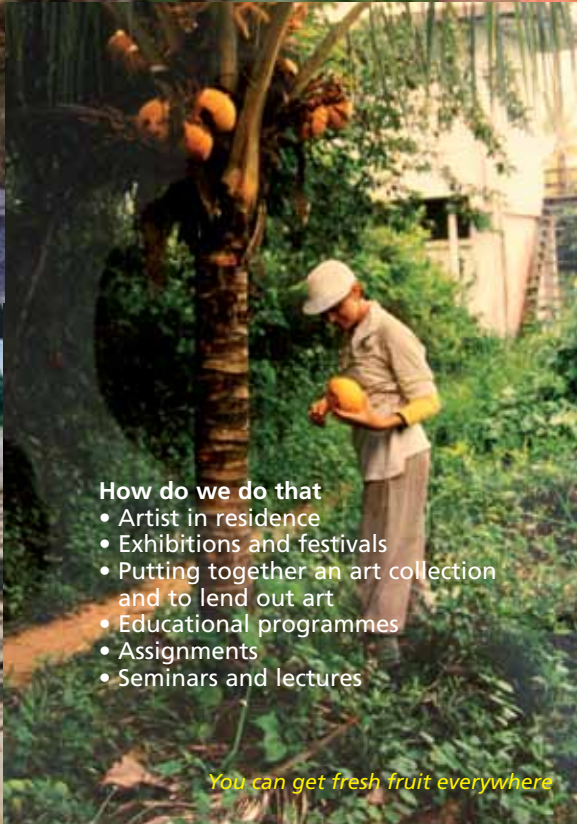

- The centre of expertise for contemporary art, located in Botopasi Suriname.
- The cultural meeting spot for public, schools and artists.

Nice small beaches to swim

What do we want

Through art we want people to see possibilities and open their minds for cultural and social developments.

How do we do that

- Artist in residence
- Exhibitions and festivals
- Putting together an art collection and to lend out art
- Educational programmes
- Assignments
- Seminars and lectures

You can get fresh fruit everywhere

Cooperation with others

The bringing together of and working together with artists, national and international institutions, businesses and subsidisers/sponsors in order to create a base to promote social and cultural development locally and to stimulate emancipation and cultural participation.

Strategy and working method

- Development and execution of educational artprojects.
- Collecting and presenting contemporary art.
- Offer working-, housing- and exhibition facilities.
- Initiate, maintain and extend collaborations

ARTCEB is member of Res Artis. It is supported by the Sepù foundation and is working closely together with artist run initiative ARTOTS (NL).

Morning fog due to the warm riverwater

Application

Artists from all countries can apply by sending in documentation material, CV, a motivation and possibly a project proposal. Participation is planned one year ahead. Residencies are awarded based on a completed application to ARTCEB artceb@artots.nl. Applications are chosen by a selection committee.
